

The City of Covina is working to improve energy efficiency by installing LED lighting on City-owned street poles throughout the City. This project includes the retrofitting of lights in the Downtown area, parking garages, municipal lots and surrounding streets as well as other areas throughout the City. The work will begin March 16, 2015 and is expected to be completed by April 30, 2015. All work schedules are contingent upon weather conditions, and delays may occur as a result.

The project timeline is as follows:

- March 16 - April 27, 2015: "Cobrahead" streetlights throughout the City
- March 16- March 25, 2015: Acorn lights at the Metrolink Station platform and adjacent streets
- March 17- April 14, 2015: Metrolink parking structure (garage) lighting (559 N. Citrus)
- March 23- April 19, 2015: Acorn lights in the Downtown area and surrounding streets
- April 1- April 14, 2015: Lighting in municipal lots and outside the Metrolink structure

To minimize inconvenience and maximize your safety, parking will be limited in some areas during construction. Notices concerning parking restrictions will be posted 24 hours in advance. Construction will take place Monday through Friday during the hours of 6 am to 5 pm. A map of the project area is posted at www.covinaca.gov.

If you have questions or concerns regarding the construction, please contact the Environmental Services Section at (626) 384-5480 or email us at environmental@covinaca.gov. Please allow for additional time if traveling to or around the construction areas. We understand that projects such as this may cause some inconvenience to you. Your patience and cooperation will be

sincerely appreciated.
